- ii. Click on **Continue**.

Note: It will take you to the payment gateway to validate your payment information and for your credit card verification, Amazon will charge the minimum price based on Country.

- h. In the **Phone verification** page:

Note: Here you will be taken to an identity verification page that will already have your phone number.

- i. Select either "**Text message or Voice call**" Provide a valid phone number.
- ii. **Solve the captcha** and then click on Send SMS or Call Me Now (depending upon your selection).

Confirm your identity

Before you can use your AWS account, you must verify your phone number. When you continue, the AWS automated system will contact you with a verification code.

How should we send you the verification code?

☒ Text message (SMS) ☐ Voice call

Country or region code

India (+91)

Cell Phone Number

XXXXXXXXXX

Security check

4n84ny

Send SMS

Note: You will immediately receive a call or SMS from Amazon, for verification code, Enter your code then click on Verify Code..

Enter verification code

Enter the 4-digit verification code that you received on your phone.

8393

Verify Code

Having trouble? Sometimes it takes up to 10 minutes to receive a verification code. If it's been longer than that, [return to the previous page](#) and enter your number again.

Your identity has been verified successfully.

Continue

- i. In the **Support Plan** page:
 - i. Select **Basic** plan.

Select a Support Plan
